

Greetings By Kids

A fundraising program that promotes art, creativity and self-expression.

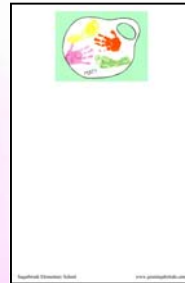

We have a fun and practical project for your children. We will replicate your child's original artwork onto a variety of beautiful full color unique items. Every time a child's drawing is displayed in a classroom or on a refrigerator door, it builds a child's self esteem and fosters their confidence. Imagine how proud they will be if it's printed onto a greeting card, note sheet, mousepad, folder, apron, placemat, tote bag or tee shirt for everyone to see. Consider buying these items as gifts as well. What would be more heartwarming than to have your child design a gift for your family or friends? They would love showing it to their friends. Your purchase will benefit your school. The name of your organization will appear on all paper products.
